

2024

About Us

It was established in 2003, based in Ankara. Today, it continues its activities in 2 centres, Ankara and Antalya.

The service philosophy, which focuses on customer satisfaction, differentiates Simetri Construction from its competitors. Our company continues to work with its partners in Turkey, TRNC. and Montenegro.

Our company;

Our company has been involved in hotels, residences, schools, hospitals, coastal parks, airport runways, roads, infrastructure and various special projects both as an investor and contractor company and has successfully completed these works.

Our goal;

- To follow the developing technologies and produce solutions at high standards.
- To determine special, functional and creative approaches to projects with an expert and innovative management team.
- To go to the result with a solution-oriented approach based on customer satisfaction.
- To ensure high standards in productivity, quality, labour and employee safety.
